## Description

Liberate your MATLAB code with LiberMate. Translate your software to free (libre) Python and the SciPy package. Are you a graduating student loosing access to MATLAB or an institution needing to share/collaborate scientific software with others.

**kbstroem**

There is absolutely NO documentation, not even a README. Unusable.

**tfileme**

Libermate works perfectly.

**calebbradley**

Works, very small, no complaints.
